-- LE VENATURE DEL LEGNO E I COLORI NEUTRI IN PIÙ TONALITÀ RIVESTONO LE ANTE TELAIO E LE ANTE LISCE PER CREARE ARMONIE CROMATICHE E MATERICHE.

Several wood grains and neutral shades are used to dress the framed and smooth doors, creating a harmonious colour palette and finish.

Les veinures du bois et les coloris neutres dans plusieurs tonalités revêtent les portes avec cadre et les portes lisses pour créer des harmonies chromatiques et matérielles.

Las vetas de la madera y los colores neutros en varios tonos revisten las puertas con marco y las puertas lisas para crear armonías cromáticas y materiales.
